Understanding ABDO's Common Core-enriched products

The ABDO Core Library imprint is specifically designed for grades 3-6 and addresses concepts and skills outlined in the Common Core State Standards. Informational features are spread throughout each book, including maps, diagrams, and timelines. Our titles also feature Common Core-specific prompts for writing and critical thinking, plus title-specific resources available online for free!

Visit www.mycorelibrary.com for resources.

Book Bundles

If you need titles aligned to the Common Core, but you aren't sure where to start, check our new Common Core Book Bundles! Each book bundle is tailored to provide a range of titles for a specific subject area and are the fastest, easiest way to boost your collection today. ABDO Book Bundles feature titles from our ABDO Publishing and Magic Wagon divisions.

Subject Areas:

English Language Arts	Biographies
Writing	Social Studies
Critical Thinking	Science & Technology
Literature and Genre	Health
History	Mathematics

All books and bundles are available as eBooks! The icon is a teal circle containing a white lowercase letter 'e'.

ABDO eBooks are available in two formats:

- **Hosted eBooks** – Unlimited simultaneous access eBooks are maintenance-free for you, securely hosted by Abdo Digital. Includes free MARC records and location links.
- **eBook PDFs** – Downloadable eBook PDFs are hosted and maintained by you. Includes free MARC records.

SPREAD FROM
THE DECLARATION OF INDEPENDENCE, FOUNDATIONS OF OUR NATION

Representatives at the Continental Congress sign the Declaration of Independence.

The Second Continental Congress
Representatives met for the Second Continental Congress in May 1775. Some still hoped to stop the war. They wrote a letter called the Olive Branch Petition to King George III. They asked him to stop the fighting until the two sides could reach an agreement. The king said no. The colonists knew they would have to fight.

Declaring Independence
In 1776 Congress named Benjamin Franklin, John Adams, Roger Sherman, Robert Livingston, and Thomas Jefferson to write a declaration of independence. Jefferson was the document's main author. The document explained why the colonies should become an independent nation. Congress approved the declaration on July 2, 1776. But the colonists didn't get their freedom until the Revolutionary War.

EXPLORE ONLINE
This chapter had a lot of information about growing anger toward British control. You more information about this anger over the year of 1765 at the Web site below. Compare the information on the Web site with the information in this book. Why were the colonists angry with the British? What actions did they take?

Boston Mob Protests Stamp Act
www.massmoments.org/moment.cfm?mid=236

around the world. A team is always nearby if a conflict arises. A team of SEALs can be put into action faster than any other US military organization. But not just anybody can be a US Navy SEAL.

FURTHER EVIDENCE
There was quite a bit of information about US Navy SEALs in Chapter Three. But if you could pick out the main point given to support that point? Visit the Web site below. Choose a quote from the Web site that relates to Chapter Three. Does this quote support the author's main point? Or does it make a new point? Write a few sentences explaining how the quote you found relates to Chapter Three.

Ethos
www.sealswcc.com/navy-seals-ethos

FURTHER EVIDENCE

Encourages the reader to explore another source of information that relates to the book's information and write about it

SPREAD FROM
NAVY SEALS, GREAT WARRIORS

STOP AND THINK

Includes various writing prompts like Take a Stand, Dig Deeper, You Are There, Why Do I Care?, Say What?, Changing Minds, Tell the Tale, and Another View

SPREAD FROM
LANGSTON HUGHES, GREAT AMERICAN AUTHORS

STOP AND THINK

Take a Stand
This book discusses how Hughes tried to use poetry to spread a message about racism. Think poetry can really make a difference in the world? Write a short essay detailing your opinion, your opinion, and facts and details that support your reasons.

Dig Deeper
Use the Dig Deeper questions to help guide you in your research. With an adult's help, find reliable new sources about Langston's life and work that can help answer your questions. Write a few sentences about how you did your research and what you learned from it.

You Are There
Imagine that you visited Harlem during the 1920s, at the height of the Harlem Renaissance. Write 300 words describing your stay. What bands or musical acts did you see? Which authors and artists did you meet?

Tell the Tale
This book discusses Langston Hughes's life. Write 200 words that summarize the true story of how he became a writer. Be sure to set the scene, develop a sequence of events, and write a conclusion.

STRAIGHT TO THE SOURCE

This is an excerpt from a study on the link between violence and real violence. The authors wrote:

The two studies . . . examined the link between video-game playing and violent or aggressive acts both the laboratory and in real life. No link . . . was found between violent-video-game playing and aggressive or violent acts. Males were generally more aggressive than females. Some aggressive individuals self-select toward choosing violent video games.

What's the Big Idea?
Take a close look at the author's words. What is the main idea? What evidence is used to support the point? Come up with a few sentences showing how the authors use two or three pieces of evidence to support the main point.

STRAIGHT TO THE SOURCE

Sections include a primary source to help the student explore the topic in greater depth

Earth in Action

GRADES 3-6
READING LEVEL: GRADE 4

SCIENCE

Earth in Action gives upper-elementary readers an in-depth look at natural disasters. Each book opens with a dramatic first chapter that takes readers inside a specific natural disaster associated with the book's subject. The rest of the book helps readers understand the science behind each disaster, where these events are most likely to occur, and how people predict and prepare for such natural disasters.

STOP AND THINK

Why Do I Care?
Louisa May Alcott used stories from her own memories to write *Little Women* and some of her other books. This book is fiction, but they are inspired by real events that she experienced or saw. Have you ever wanted to write a story about something that has happened to you, your family, or your friends? What stories would you use? Would you change them? Why?

Changing Minds
This book discusses Louisa May Alcott's decision to join the Union Army as a nurse and both the illness and literary success that followed. Do you think she would have made the same decision if she had known what the results of her choice would be? Take a position on her decision and write a short essay detailing your opinion, reasons for your opinion, and details that support those reasons.

Surprise Me
Think about what you learned from this book. Can you name the two or three facts in this book that you found most surprising? Write a short paragraph about each, describing what you found surprising and why.

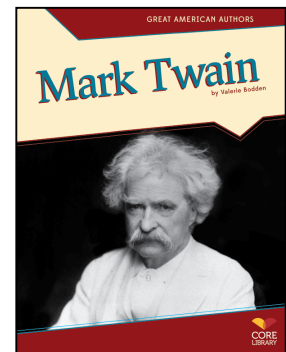

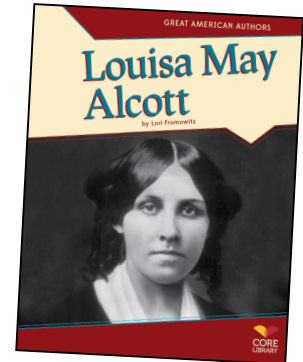

Tell the Tale
In this book, Louisa May Alcott wrote melodramas and performed them with her sisters. With an adult's help, research what makes a melodrama. Write 200 words that use a melodramatic plot and characters. Be sure to set the scene, develop a sequence of events, and offer a conclusion.

Learning the River
Beginning with his first trip up the Mississippi, Clemens had to learn 1,200 miles of the river forward and backward. That meant memorizing the appearance, water depth, and dangers of every point on the river. It meant learning to navigate through daylight, thick fog, and moonless nights. It meant knowing how to read when the river was rising and when it was falling.

At times, Clemens despaired of ever learning the river well enough to pilot it on his own. But before his two-year apprenticeship was over, he had begun to feel at

Learning a Lesson
On one occasion, Clemens was piloting a stretch of river he knew to be deep. Yet his headman (whose job it was to call out the water's depth) reported that the river was getting dangerously shallow. Panicking, Clemens shouted to reverse the engines. At that moment, pilot Hecate Babby told Clemens that the shallow measurements were a prank. Clemens was embarrassed, but he had learned an important lesson about trusting his own knowledge of the river.

Samuel Clemens, known as Mark Twain, is one of the best-known American writers.

This series introduces readers to the lives and key works of America's great poets, novelists, and essayists, with Common Core prompts throughout.

REVIEW

Langston Hughes, Mark Twain, Louisa May Alcott
“These books, with their accessible texts, plethora of illustrations, and “pause and reflect” sidebars, should make solid additions to any middle school collections. They will serve those looking for biographical material and literary analysis of these author’s best-known works...”

Fables & Folktales

- Introduce young readers to the United States through an entertaining and educational story based on the symbols, history, and geography of each state.
- Pass down the tradition of folklore while entertaining and teaching.
- Make life's truths available to the youngest readers in a brilliant easy-to-read retelling of classic fables.
