### Another View

There are many sources of information about dragonflies and climate change. As you know, every source is different. Ask an adult, such as a librarian, to help you find a reliable source about dragonflies. Write a short essay comparing and contrasting the new source's point of view to the ideas in this book. How are the sources similar or different? Why do you think they are similar or different?

### Why Do I Care?

Many dragonfly species are facing an uncertain future due to global warming. Make a list of all the ways a decrease in the dragonfly population near your home could affect you, your family, and other people who live nearby.

### Dig Deeper

After reading this book, what questions do you still have about dragonflies? Maybe you want to know if any dragonfly species are threatened or endangered in your state. Write down two questions to guide your research. With the help of an adult, find a reliable source that can answer these questions. Then write a short paragraph about what you learned.
