Why Do I Care?

Maybe you do not live in a country that's at war. But that doesn't mean you can't think about what it would mean to be in a war. How would a war affect your life? Do you have friends or family who would be affected? How might your life be different if your country were involved in a war?

Another View

This book talks about Zelenskyy and his journey to become Ukraine's president. As you know, every source is different. Ask a librarian or another adult to help you find another source about this event.

Write a short essay comparing and contrasting the new source's point of view with that of this book's author. What is the point of view of each author?

How are they similar and why? How are they different and why?
