Surprise Me

Chapter Two covers Yosemite's geological history. After reading this book, what two or three facts about the park's geological history did you find most surprising? Write a few sentences about each fact. Why did you find each fact surprising?

Take a Stand

Climate change has shrunk Yosemite's remaining glaciers. It has reduced water flow in the park. How are these sources of water important to the park? Do you think that it is important to learn about climate change, even if some of its effects are irreversible? Why or why not?

Why Do I Care?

Maybe you do not have a national park near you. But that does not mean you cannot think about how national parks are important. How do national parks affect your life? Do you have friends or family members who have worked in a national park? How might life be different if there were no national parks?
