

IDENTITY THEFT

Dig Deeper

After reading this book, what questions do you still have about identity theft? With an adult's help, find a few reliable sources that can help you answer your questions. Write a paragraph about what you learned.

IDENTITY THEFT

Take a Stand

Some people think biometric data could help protect personal information. They think unique identity markers, such as fingerprints, would be difficult for thieves to steal. Other people think using biometric data is risky. Do you think biometric data should be used as a security measure? Why or why not?

IDENTITY THEFT

Why Do I Care?

Maybe you do not know anyone who has been affected by identity theft. But you can still think about ways to protect yourself from identity theft. How do the people you know guard against identity theft? What could you do to avoid identity theft?

IDENTITY THEFT

You Are There

Chapter Three explains how phishing scams work. Imagine you have discovered a phishing scam. Write an email to your friends about your investigation. How did you discover the phishing scam? Be sure to add plenty of details in your email.
