

## Dolphins

### Why Do I Care?

This book discusses how some dolphin populations have declined greatly. Even if you don't live near dolphins, why should you care about their decline? Write down two or three reasons humans should care about dolphin decline.

## Dolphins

### Surprise Me

Learning about a dolphin's life cycle can be interesting and surprising. Think about what you learned from this book. Can you name two or three facts about dolphins you found surprising? Write a short paragraph about each fact. Why did you find them surprising?

## Dolphins

### **Dig Deeper**

After reading this book, what questions do you still have about dolphins? Do you want to learn more about where dolphins live? Or learn more about endangered dolphins? Write down one or two questions that can guide you in doing research. With an adult's help, find some reliable sources about dolphins that can help answer your questions. Write a few sentences about what you learned from your research.

## THE SMARTEST ANIMALS

# Dolphins

### **You Are There**

Chapter Four discusses how in the 1950s fishermen put out nets to catch dolphins. Imagine you are an animal rights activist during this time. Write 300 words about your experience. Do you make signs protesting the fishermen? Do you write letters to the government about the problem?
