### Dig Deeper

After reading this book, what questions do you still have about coding? Make a list of two or three resources where you might find answers to these questions. They could be books, websites, or people. Investigate these resources and write a paragraph about what you learned.

### Say What?

Learning about coding can mean encountering a lot of new vocabulary. Find five words in this book that are new to you. Use a dictionary to find out what they mean. Write down the meaning of each word. Then use each word in a new sentence.

### Another View

When most people think of coding, they think of computers and similar devices. But many other machines use coding too. Some refrigerators and toasters are even powered by computer code. What machines do you think might become computerized in the future? How will new technology make these machines better?
