Another View

This book discusses the work of women in exploration. As you know, every source is different. Ask a librarian or another adult to help you find another source about exploration. Write a short essay comparing and contrasting the new source's point of view with that of this book's author. What is the point of view of each author? How are they similar and why? How are they different and why?

Tell the Tale

Pretend that you are an astronomer who has just discovered a new planet. How big is it? How far from Earth is this object? What would you call it? Write a paragraph about your discovery.

Dig Deeper

After reading this book, what questions do you still have about exploring? Make a list of two or three resources where you might find answers to these questions. They could be books, websites, or people.
